A conversation with one of the Church Wardens and also by chance a volunteer who maintains 1/3 of the Churchyard. It was ascertained that most of the green waste comes from the Churchyard as the MCC Contractor has mowers that mulch rather than collect. After a chat with WCBC it was made clear of the distinction of general waste vs. green waste and MCC could apply for green bins – 240 litres capacity each on the usual domestic tariff of £35 annually – collected every two weeks in the growing season. As a

charity the Church can apply for a general waste bin – 240 litres emptied every two weeks – free of charge. SJ made a suggestion of an enclosure for the wheelie bins to keep them secure and encourage responsible use – no fly tipping. Some discussion over the practicalities of putting out the bins on Wednesday evening took place. A further meeting with the Church Warden is expected.
